“Under One Roof” is a statewide conference, sponsored by the Massachusetts Department of Housing and Community Development and its partner agencies, to highlight the challenges we face and the initiatives that can move the Commonwealth forward.

If you have an interest in how our Commonwealth meets the challenges of housing homeless families and individuals, improving how we serve those with low incomes, expanding and preserving affordable housing, producing more market rate housing, and strengthening our communities, then register today.

Conference attendees will include developers, municipal officials, advocates, planners, consultants, human service providers and others. A morning plenary session and workshops throughout the day will highlight new initiatives, trends and best practices.
